

LONGNEY AND EPNEY PARISH COUNCIL

MINUTES OF THE PARISH COUNCIL MEETING OF
MONDAY 18 JANUARY 2010

A MEETING OF LONGNEY AND EPNEY PARISH COUNCIL was held on Monday 18 January 2010, at 8.00p.m. at Longney School

PRESENT: Cllrs. Chamberlayne, Dempster, Finzi, Godwin, and Williams; District Cllr. Littleton; County Cllr. Blackburn; P.C. Mackie; and three residents

APOLOGIES: None

DECLARATION OF INTEREST IN ANY ITEM ON THE AGENDA: None

POLICE REPORT: A meeting had taken place on 15 January 2010, attended by P.C. Mackie, Cllrs. Dempster and Godwin, Arthur Daley from Gloucester Athletic Club, and a representative of U.K. Athletic Club, concerning the organisation of the race which will take place through the Parish on Sunday 24 January 2010. Two other planned road races have been moved to venues outside the Parish, although this is reported as not being due to objections from the Parish Council. This race is being held in memory of the runner who died during the event in 2009. Promises have been made of better organisation, with health and safety issues being given greater consideration, and has been limited to 300 applicants. Adhering to rules, including that the runners are to keep to the right hand side of the road, will be closely monitored, and any contravention will be reported. The national representative considered that too many races had previously been organised in one location. P.C. Mackie praised Cllrs. Dempster and Godwin for their handling of the meeting. The frequent occurrence of cars being burned out in the locality was questioned, and P.C. Mackie requested that if a car is seen in the process of being burned, a 999 call should be made as there is then a chance of catching the culprit(s) returning to their home ground. P.C. Mackie asked for views from residents on issues/problems in the Parish which the Police can consider dealing with. The Chairman thanked P.C. Mackie for attending the meeting and particularly for his help in tackling the problems caused by the road races

THE MINUTES of the Meeting of 16 November 2009 were agreed and signed as a true record of the Meeting

MATTERS ARISING:

TREES IN CASTLE LANE: No date has yet been arranged for the work to be done, and no reply has been received from Moreton Valence Parish Meeting to the request for a contribution to the cost

GLOUCESTERSHIRE AMBULANCE SERVICE: A request had been received for OS references for each property, to be checked against existing records. Cllr. Dempster will contact the Ambulance Service to ask whether GPS references, which are more easily obtained, would be more relevant, as to work out OS references for each property will be very time consuming

THE DONKEY POOL: Rosie Woolley from Gloucestershire Wildlife Trust had telephoned the Clerk with suggestions for tidying up the Donkey Pool and surrounding area, including the removal of overhanging branches and the creation of log piles for insects. She suggested that financial help would be available from Stroud Valleys Project, and that she would request a copy of the previous proposal, made by Jane Willmott, while she was working for SVP as a basis for a current plan.

She has also spoken to Mr. Chapman who has shown interest in having work done. A reply will be sent stating that the Parish Council will support a proposal for reinstatement of the donkey pool, but since he has shown interest, it will be up to Mr. Chapman to approve what should be done.

DISTRICT COUNCILLOR'S REPORT: Councillor Littleton reported that a site near Stonehouse which had been outside the development area has been given planning permission for a number of dwellings after appeal, opening the way for other similar sites to be given planning permission. The District Council is proposing a 1.9% increase in Council tax for 2010/2011

COUNTY COUNCILLOR'S REPORT: Cllr. Blackburn reported that the County Council proposes a 2.3% increase in Council Tax for 2010/2011. A consultation is in progress on the possible closure of the Vale of Berkeley College, which would create pressure on the remaining secondary schools in the south of the County. The list of preferred bidders for development of the waste disposal site at Javelin Park has been reduced to four, and the method of waste disposal will be decided in June 2010.
